

[AWS IoT](#) > [Message routing](#) > [Rules](#) > [lesgorule](#) > **Edit**

# Edit rule: lesgorule

## Rule properties

### Rule description - *optional*

Enter a description to provide additional details about the rule to others.

## SQL statement

### SQL version

The version of the SQL rules engine to use when evaluating the rule.

### SQL statement

Enter a SQL statement using the following: SELECT <Attribute> FROM <Topic Filter> WHERE <Condition>. For example: SELECT temperature FROM 'iot/topic' WHERE temperature > 50. To learn more, see [AWS IoT SQL Reference](#).

## ctions

One or more actions to happen when the above rule is matched by an inbound message. Actions define additional activities that occur when messages arrive, like storing in a database, invoking cloud functions, or sending notifications. You can add up to 5 actions.

Lambda  
Send a message to a Lambda function
